**Memorandum to:** Friends of the Southwestern Branch of the Entomological Society of America

**Subjects:** Support of Southwestern Branch Meeting and Society of Southwestern Entomologist

**From:** Greg Cronholm  
President

Each year we seek contributions to support our annual Branch meeting. These donations are used to furnish refreshments at breaks, mixers, awards and help with other expenses. Companies making a donation to the SW Branch will be able to have access to a free display space during the meeting and will be recognized to the membership with your companies name on a display poster.

A contribution form is attached and any donation your company or organization makes will be greatly appreciated.
